BRITAIN'S INFANTRY REMAINS IN TRENCHES BOMBARDMENT IS ON

Haig's Report Throws Little Light on Intentions.

Infantry Fighting on the French Front.

By Associated Press Dispatch.

Field Marshal Haig is still keeping his infantry in their trenches on the Flanders front while the heavy bombardment continues. His report today throws no additional light on the probability of an early resumption of the British attack, mentioning only the points of the front where the Germans' reciprocal fire was the heaviest and reporting a successful British raid on the Arras battlefield near Gavrelle. There has been infantry fighting on the French front although not on a large scale. The Germans attacked southeast of Verdun but met with a repulse. The artillery battle is still spirited in much of the Verdun area and on the Aisne front.

Air fighting between French and German machines has been unusually intense in the past few days and today's Paris statements indicate little change in the marked activity on both sides. So far this week 36 German machines have been driven down by the French, some of them destroyed and others badly damaged.

CALL POLICE TO PUT DOWN SCHOOL RIOT

By Associated Press Dispatch.

New York, October 18. — Rioting by school children in protest against the Gary system of instruction in some of the city schools became so serious this afternoon that police reserves were summoned from three stations and 50 branch detective bureaus.

Ten boys and one man were arrested during a forenoon demonstration in which the children, armed with clubs and bottles, battled with the police and smashed windows in a number of schools.

The man arrested, the police say, denounced the Gary system and urged the boys to further disturbances.

This is the third day of demonstrations against the Gary system which is opposed by John F. Hyland, Democratic candidate for mayor.

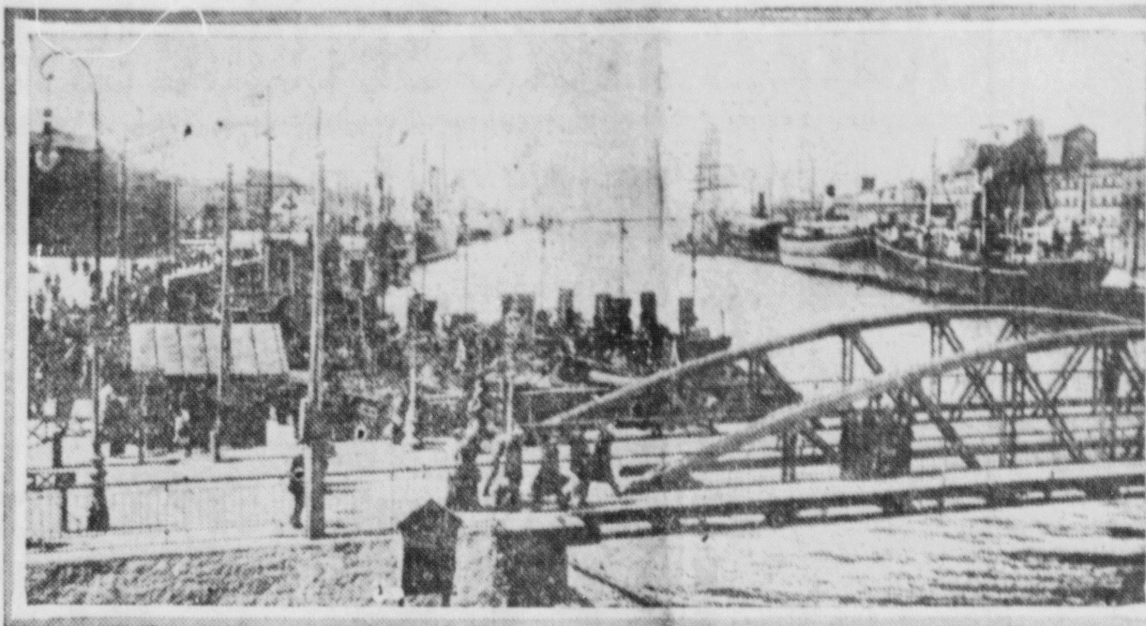

BAD WEATHER DELAYS FLY

By Associated Press Dispatch.

Dayton, O., October 18.—The Liberty Loan flight of 36 airplanes from the aviation field to Columbus will not be held as planned, according to an announcement made this afternoon by Col. Bomford.

Columbus, O., October 18.—Because of adverse weather the 36 airplanes from the government aviation field at Dayton which had expected to fly to Columbus today in connection with the Liberty Loan campaign postponed their trip until tomorrow. Rain

Libau, the Russian city occupied by the Germans after an attack last May is now used as a base for Germany's Baltic Sea torpedo boat fleet. Libau is strongly fortified and situated on the Baltic. Photo shows German torpedo boats tied up at pier in port of Libau.

UGLY RUMOR

(By Associated Press Cable)

Lima, Peru, October 18.—Complaint has been made to the government that a number of Peruvians are being held as slaves in Brazil and forced to work in the rubber forests.

President Pardo has begun an investigation.

STRIKE DEFERRED

By Associated Press Dispatch.

Kansas City, Mo., October 18.—The strike of 35,000 coal miners, embracing Missouri, Kansas, Oklahoma and Arkansas, which was to have begun tomorrow, has been deferred pending negotiations between representatives of the Southern Coal Operators Association and the men.

CHANG AND CHING IN PRESENT DAY LIFE

(Associated Press Correspondence)

Peking, Oct. 17.—Constitutionality is the wall behind which contending factions in China are taking refuge. Premier Tuan Chi-jui insists that the republic which he re-established in Peking with Vice-President Feng Kuo-chang at its head, is the constitutional government of China.

The so-called parliament at Canton consisting of fifty or sixty members of the dissolved parliament insists that it is the constitutional government of China, and that Li Yuan-hung is still the president.

The "constitutionalists," now active in south China under the direction of Sun Yat-sen, have contested every important change in the central government during the last few months, and denounced it as unconstitutional. They say Li Yuan-hung had no right to dissolve parliament, and that there certainly is nothing in the Nanking provisional constitution which justified such action.

Consequently, according to their line of reasoning, Feng Kuo-chang is neither the legal president nor the legal acting president of China.

RUMOR LOSS OF GERMAN BATTLESHIP

Reports Are Indefinite. Bodies of German Marines and Sailors Drift Ashore.

(Associated Press Cable.)

Copenhagen, October 18.—Rumors of the loss of a German warship in the narrow strait between Denmark and Sweden are being circulated.

The reports are indefinite and unconfirmed, but the bodies of two German marines and a sailor have drifted ashore in the vicinity of Elsinore, Denmark.

WAR DEPARTMENT BARS 'SAM BROWN'

By Associated Press Dispatch.

Washington, October 18.—The "Sam Brown," leather belt with its strap over the shoulder adopted by some American officers in imitation of the British and French, has been officially put under the ban by the War Department.

GOVERNOR COX TO SPEAK TO TROOPS ON FRIDAY P. M.

Major General Glenn and Other Noted Speakers at Camp Sherman.

By Associated Press Dispatch.

Wilmington, O., October 18.—Governor James M. Cox and Major General E. F. Glenn will deliver addresses here Friday afternoon, October 26th, during the annual Fall Festival. Other speakers of note will be present during the week of the festivities.

SMALL LOANS SPEEDING UP SUBSCRIPTION

Approximately One-half of Minimum of Liberty Loan Has Been Subscribed.

Committee, Encouraged, Is Trying to Exceed Promises.

By Associated Press Dispatch.

Washington, October 18.—Approximately \$1,500,000,000 or one-half of the minimum quota of the second issue of Liberty Loan Bonds had been subscribed today, Treasury officials estimated, on the face of unofficial reports from the twelve Reserve Banks. Many bonds have been sold within the last four days, or since the issuance of the President's proclamation, said a Treasury statement.

"Encouraged by this new activity, committees declare they will do still better. Obtaining subscriptions of more than \$400,000,000 a day from now until the end of the campaign may seem to be an impossible task, but it will be attempted."

New York, it was announced today, is trying to reach the \$500,000,000 mark before night.

Chicago reported that many subscriptions from persons of small means were pouring in and that country banks were becoming more active.

BAD WEATHER HALTS AIR FLIGHT

Dayton, O., October 18.—(Associated Press Dispatch)—The proposed airplane flight from Dayton to Columbus was postponed today because of bad weather. It may occur on Friday.

THE RUSSIAN AND GERMAN NAVIES CLASH

Big Russian Battleship of Antiquated Type Sunk.

All Members of Crew Saved.

(By Associated Press Cable)

Petrograd, October 18.—A naval battle has occurred in the Gulf of Riga between Russian and German warships, the war office announces.

The Russian battleship Slava was sunk as the result of being hit several times below the water line. Nearly all of the crew were saved by Russian torpedo boats.

The Slava, built in 1903 was an old type of battleship of 13,516 tons, 397 feet long, 76 feet beam and 26 feet draft. Her armament consisted of four 12 inch and 12 six inch guns, with 24 secondary guns and four torpedo tubes. Her speed was 18 knots, and she had a complement of 825 men.

GERMANY'S SAILORS IN A REVOLT

Admiralty Unable to Suppress Facts of Serious Uprising.

Bloody Fighting Occurs Before Mutineers Are Suppressed.

Sailors Refuse Service on Submarine Boats.

(By Associated Press Cable)

Amsterdam, October 18.—A mutiny among the German sailors at the Belgian port of Ostend, who refused to go on board submarines is reported by the Belgian Dagblad.

The newspaper says that an officer was thrown into the sea and that 30 mutineers were removed in handcuffs to Bruges.

AUSTRIAN NAVY IS IN REVOLT, TOO

By Associated Press Dispatch.

Washington, October 18.—Official diplomatic dispatches received today report mutinies in the Austrian navy and clashes between Austrian sailors and crews of the German submarine fleet based at Pola, in which officers on both sides have been killed and which resulted in a decision to change the base of the German flotilla.

CAN'T SUPPRESS IT

By Associated Press Dispatch.

Washington, October 18.—Despite the attempts of the Austrian Admiralty to suppress the news it reached here today, coming by way of Berne, Switzerland.

The Austrian crews are said to have revolted under the ill-treatment of officers and poor food while the clash with the German submarine crews was caused by overhearing conduct of the latter.

The dispatch says the tension between Austrian and German crews became so alarming that extraordinary measures were taken to prevent a recurrence of fighting between them, which included the decision to move the submarine flotilla to another point further south on the Adriatic.

The fighting is described as having been sanguinary.

The news of mutiny in the Austrian navy received in the capital today almost at the same time as the Amsterdam dispatches reporting further mutinies in the German navy—this time among submarine crews—and a profound impression upon American naval officers and other officials who have been watching the situation since the first mutinies were reported a short time ago.

The first signs of mutiny in the German fleet were regarded as significant since unlike the army it has endured very little of the hardships of campaigning.

WETS STILL LEAD

By Associated Press Dispatch.

Des Moines, Iowa, October 18.—The wets were holding the lead today in the returns from the prohibition election, their lead being estimated at less than 1,000.

KUEHLMAN MAY BE THE NEW CHANCELLOR

Amsterdam, Oct. 18.—The newspaper Tyd printed "positive information" from Berlin that the appointment of Foreign Secretary Von Kuehlmann to the chancellorship in place of Dr. George Michaelis was "imminent." The same dispatch asserted that it had been definitely established that Minister of Marine Von Capelle had resigned.

KING VICTOR LIVES WITH HIS TROOPS

KING VICTOR.

Rome, October 18.—Though King Victor is the only Entente ruler who has constantly lived at the front among his soldiers, yet very little is said and printed about him. His name never appears in the General Staff communiqués. The war correspondents never mention the King's name and doings, except when allowed to describe official ceremonies connected with the visit at the Italian front of other Entente rulers or high Entente officials. Very few civilians have seen the King during the last two years. Even during his brief visits to the capital, when his presence here is required by important Cabinet meetings, the King is never seen in the streets, as in former years.

MICHAELIS IS "IN BAD"

Offer of Vice Chancellorship to Von Payer Rejected.

(By Associated Press Cable)

Amsterdam, October 18.—With a view to saving what the newspapers call "his sinking chancellorship," Dr. Michaelis, the Imperial German Chancellor, according to the Boersen Zeitung, of Berlin, offered Frederick von Payer the post of Vice-Chancellor held by Dr. Karl Helfferich.

The newspaper adds that Von Payer who is a progressive member of the Reichstag, declined to accept the portfolio.

CONFIRMED

(By Associated Press Cable)

Copenhagen, October 18.—The report that Michaelis has offered Friedrich von Payer the post of vice-chancellor, held by Dr. Karl Helfferich, is confirmed by the Clerical Germania and the Radical Tageblatt.

The offer would imply the chancellor's readiness to throw Helfferich overboard as well as Admiral von Cappelle, the minister of marine, in order to save the situation.

It was made after the disclosure of mutiny in the German navy and after Michaelis had succeeded in coaxing from the Reichstag the salary for the post which the unpopular Helfferich was expected to fill.

10,000 PRISONERS

(Associated Press Cable)

Berlin, via London, October 18.—The Germans have taken 10,000 prisoners and 50 guns at Oesel Island, the war office reports.

The Russian naval forces in the Gulf of Riga have been trapped by the Germans. It says German naval units are lying in the eastern portion of Kasnar Bay, north of Oesel Island, and are barring the passage westward.

FAYETTE GIRL WRITES FROM CAMP GREENE

Miss Vonna Robinson, Now in North Carolina, Sends Entertaining Description of the Big Camp.

Miss Vonna Robinson, daughter of Mr. and Mrs. Willis Robinson, of the Jeffersonville pike, is now located at Camp Greene, Charlotte, N. C., and writes with enthusiasm of her work. "Camp Greene covers a tract of land seven miles square, and is divided into six different parts. In the Auditing Department, where I work, there are one hundred employed. Some of them are time checkers and oftentimes work all night in order to get all the time checked in for the weekly payroll which usually amounts to \$135,000. This is just for the laborers alone of whom there are about 6,000.

Our office is screened in all around, and the building, after we have finished our work will probably be used for a mess hall. But now it is so cold that windows had to be put in, and we hover around oil stoves.

"When we are on our way home in the evenings, there is so much dust, so many people and automobiles, it reminds me of the crowds going from the Fayette County Fair and almost makes me wish to be home, but I guess we are always too busy and have too many pleasures for homesickness or lonesomeness.

"The Camp is about three miles from Charlotte, so every day a man comes in a Government car for us and takes us to work in the mornings and brings us home in the evenings, which makes it very pleasant for us. Sometimes, we go in to town for lunch, but generally eat at the camp in the officers' mess hall, where we have lots of good eats, of course, nothing so good as what we get in "our own Ohio," for when they get ahead of the Buckeyes when it comes to cooking, they have to be very proficient.

"On Sunday afternoon, two couples of us, chaperoned by Mr. J. R. Macdonald of Columbus, Ohio, who is Field Auditor at Camp Greene, and Mrs. Macdonald, took a drive of over one hundred miles to King's Mountain, the battle ground where the Red Jacks, commanded by General Ferguson, were defeated by the Mountaineers. There is, also, a small town nearby with a hotel of the same name (King's Mountain) where we stopped in the evening and had a delightful dinner. We saw some beautiful country with lots of tobacco and cotton growing.

and through the trees and around the hills, the comely, winding roads on which we traveled, are very picturesque, reminding you of books you have read.

"One evening last week, the officers at the Camp entertained with a masquerade at one of the Y. M. C. A. buildings at which there were lots of elegant costumes. June was dressed as a little Indian girl which she carried out very becomingly with her red dress, gorgeous beads, and wig of long straight hair. I was costumed as Queen Elizabeth, wearing a lavender silk, made with a full skirt, tight basque, high white fluffy collar and a wide piece of lace hanging from the collar in the back to the hem of the dress. I had my hair powdered and very high on my head, so no one knew either of us, until we discarded our masks. There were quite a few officers there from Idaho, Wyoming, Washington and Oregon, who seemed to have a very pleasant time.

"There are about nine thousand soldiers here now, but several thousand more are expected shortly. One soldier from Wyoming said that on Friday night, he sat out by himself and cried until it was so late that he had to get back to his bunk, and never before had he ever been so lonesome and homesick, and that he didn't know he did really think so much of 'the girl he left behind' and whom he had married just thirty minutes before he left, in his home town, until he was entirely away from all of his friends.

"Well, I have written all of this and haven't told you a thing about Charlotte, but as I just write as it comes in my mind, I am afraid this letter will be a little mixed up, and perhaps I had better wait and tell you some other time, but will tell you just a little now. It has about 50,000 inhabitants and is noted for being a great church-going town, being the third city in the world for church-going, so, of course, we too, go to church every Sunday, missed the first Sunday we were here as we were so tired and hadn't gotten permanently located. Last Sunday, the churches were full of soldiers and nearly everyone was taking some of them home with them and entertaining them for the day.

"It is a very nice town, and have excellent car service, they say, but the street cars are so very short and the wheels so near the center that sometimes they look as if they might rock off the track; we never have occasion to ride on them very much as we always go in a machine, but even

that proves rather expensive for the chauffeur sometimes, as he has been pinched for speeding a couple of times while taking us home, but really, it wasn't our fault, for they have had motor cops here only about three weeks and are trying to get everyone they can, no difference if they are going only fifteen or twenty miles an hour.

"Our work here will be completed in November and I will probably be transferred to some other camp."

IN JAIL AWAITING RETURN TO ARMY

Forest Johnson, absent without leave from Company M, 166th U. S. Infantry, is in the county jail awaiting the time when he will be turned over to the United States military authorities for being absent without leave.

The young man surrendered himself one night this week, and within a day or two will be returned to the Columbus barracks.

Johnson, it is understood, had been ill for some time, and believing that he was not receiving the medical attention he should, left camp and the following morning when officers with discharge papers went to his tent, the discovery was made that he had left during the night. Johnson is still in poor physical condition.

Several other members of the company are absent without leave and are wanted for deserting.

NOW OCCUPY BIG CAMP WAREHOUSE

The Dahl-Campbell Branch is now occupying the first of the big warehouses to be used in Camp Sherman in the distribution of immense quantities of goods at that place.

The warehouse, erected by the government, is some 280 feet in length and 40 to 60 feet in width, with a railroad switch extending to it.

Car load after car load of goods is now either unloading or on the way to the big warehouse.

Washington, Oct. 18.—Lieutenant A. Graham, United States officers' medical reserve corps, attached to the British forces, was severely wounded in the thigh by gunshot. It has been officially announced. His home is at Patterson, N. J. The death of Infantryman Private Joseph A. Zienkowski of Manistee, Mich., Oct. 16, was reported by General Pershing.

TAKES ON NEW AGENCY HERE

Firm of Cline & Cline, Haynes Dealers, Add Chalmers and Marmon Cars to Line—Efficient Garage Organization.

The firm of Cline & Cline, which has made marked progress in this section within a comparatively short time in the automobile business, has taken on another agency.

After attending various auto shows and looking over the auto field in search of a suitable line of cars which they could install in their sales room as a fit companion line for the high grade Haynes cars which they are representing, the firm finally decided upon the Chalmers, which is widely known throughout this territory by reason of their being about 400 cars of this make in use in this section.

In keeping with the reputation already established by Cline & Cline for giving a high type of service in the auto business and in following this policy in the selling end, the firm decided upon taking the general agency for this car in three counties, Fayette, Clinton and Highland. They will establish agencies in each of the other counties.

They have named Scott Brothers, at Bloomingburg, as sub-dealers in this county.

Cline & Cline will carry a complete line of repair parts for all models of the Chalmers car and owners of this make of car are cordially invited to come to the garage and service station to meet the Chalmers factory representative, A. T. Barrett, who will be in this territory for a time looking after their interests.

J. A. McKenney, district representative of the Chalmers, is anxious to meet every owner of this car in the county. He will be found at the Cline & Cline garage, where he will be located for an indefinite time.

In addition to taking on the Chalmers agency, Cline & Cline have been so fortunate as to secure the distributing agency for the Marmon, which is recognized as being America's leading car in its price class of \$3,550.

A full line of enclosed Chalmers

cars will arrive soon at the local service station and a big opening date will be announced later in which all the lines represented by Cline & Cline will be exhibited in many models.

Cline & Cline further announce that they desire all Chalmers owners to feel free to come to their station, whether or not their cars have been purchased through this agency. They will receive the same careful service as if they were.

The new agency anticipates selling many new cars throughout this section by reason of the great prosperity being enjoyed here.

The organization of the force of the Cline garage and service station practically has been completed and is an active and efficient one.

The proprietors, Messrs. Forest and Ralph Cline, are giving their entire attention to the office and selling duties. In addition the selling force is composed of F. J. Core and C. W. Severs. In the service department Homer McCune is in charge, assisted by Lawrence Fulton, Doan Powless, Ralph Ramsey and Roy Smidley. In the garage department, Herbert Davis and Wheeler George are in charge.

This force is rapidly winning the new garage and service station an excellent reputation for its work.

WINTER APPLES IN FAYETTE COUNTY

The supply of late apples, commonly known as winter apples, is much larger in this county than indicated earlier in the season, and the crop will, it is estimated, reach several thousand bushels, but few will be offered on the market owing to the fact that the supply is not a full crop by any means.

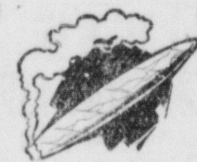

Some orchards—chiefly those where proper spraying has been done, produced almost a full crop.

CLEAN UP MUDDY AUTOLICENSE TAGS

"Clean up your auto tags so that the figures may be easily read!"

This order has gone forth from Chief Moore, who calls attention to the state law governing license tags.

A large number of auto drivers, he points out, are careless as to their tags, and the tag soon becomes covered with mud which dries and covers the figures.

SOCIAL & PERSONAL

One of the most attractive meetings of the year in the Woman's Missionary Society of the First Presbyterian Church was held Wednesday at the home of Mrs. James A. Crawford, with the assisting hostesses, Misses Frank M. Fullerton, Josephine Kerr, Lizzie Buck, Margaret Brownport, J. F. Adams, H. L. Stitt, Mary Kessler, H. T. Wilkin, J. B. Ketcher, J. M. Willis, Arthur Burgett, W. Shoop, Tom Grove, G. C. Kidd, H. K. Stewart, John Hicks, Miss Mary Martin.

The second story of Mrs. Crawford's artistic and beautiful Japanese room contains two immense rooms, handsomely finished with hard wood floor and conveniences and ideal for entertaining. The spaciousness comfortably seated sixty guests.

The annual election put in office Mrs. A. P. Hopkins, Pres.; Mrs. L. Ustick, First Vice; Mrs. W. Woodward, Second Vice; Mrs. A. Walker, Third Vice; Secretary, Mrs. Frank M. Fullerton; Assistant Secretary, Mrs. John Hicks; Secretary of Literature and Study Class, Mrs. Alta Sprenger; Treasurer, Mrs. W. Waddell, Assistant Treasurer, Mrs. Arthur Leland; Study Class Leader, Mrs. W. B. Gage; Secretary, Miss Blanche Tullis; Work Committee, Mesdames, Mrs. Minter, Martin Hamm, Fritz Albert McCoy; Entertainment Committee, Miss Rose McLean, Mesdames J. A. Crawford and Wm. Sprenger, Miss Metha Patton; Program Committee, Mesdames Harry Sprenger, Regina Staubus and Maude Leland.

The subjects for the month were Harmonism and the Philippines. Fritz Meier, leader. Mrs. Austin F. Hopkins, delegated to the recent Synodical meeting at Union gave a fine report of the meeting, especially in the branches of work in which the local society is interested. The subject of "Our Work in Utah" was comprehensively and ably handled by Mrs. W. B. Woodward. It was welcome news to learn that Utah was up grade, with moral conditions as a whole improving and Mormons even marrying out of the Temple. Most encouraging is the work of the schools—the academy of Wasatch, with a fine record, having 232 graduates and the New Jersey Academy at Logan Utah taking an active place in the education of the youth of Utah.

"When Magellan Came and How" was the subject of a very interesting paper by Mrs. A. J. Walker. The writer pictured the coming of Magellan to the Philippines in the names of the King of Spain and the strength of the Roman Catholic Church until the coming of Admiral Dewey. Since then Protestantism has been waging a fight and holding its own in the Philippines.

The guests enjoyed choice records from Mrs. Crawford's Victrola and the afternoon closed with pleasurable social chat around a pretty tea table, with centerpiece of verbenas. Mrs. Fullerton poured while a delicious collation was served by the hostesses.

At six o'clock at the M. E. parsonage Rev. Arthur P. Cherrington united in marriage Miss Edna Storer and Mr. Walter Kearney, son of Mr. and Mrs. Chas. A. Kearney.

The attendants were Mrs. Johnson of Columbus, sister of the bride, and Mr. and Mrs. Roy Downs, who were married last week.

The bride, a very pretty girl, was wearing a dark blue serge tailored suit, with white hat, shoes and gloves en suite, and a white georgette blouse.

Following the ceremony a wedding dinner was served at the bridegroom's home. White roses, snapdragons and smilax were used effectively in decoration.

Mr. Kearney, a graduate of the class of '15, holds the position of bookkeeper at the Washington Lumber Co., and shares with his bride in the best wishes of their many friends.

The young people went at once to their own home furnished and in readiness on So. Main street.

A wedding of much interest took place in Newport, Kentucky, Thursday October 18th at eleven thirty, when Miss Laura Amy Plymire and Mr. Wilbur D. Moots son of Mr. and Mrs. Sam Moots of this city were united in marriage.

The ring ceremony was used. The bride, a blonde of great attractiveness, looked stunning in tulle coat with hat, shoes and gloves en suite and wearing bride's roses.

The couple made the trip in a machine, the attendants being Miss Dorothy, sister of the bride and Miss Grace Hard on their return a three course dinner was served at the home of the bride.

A yellow and white color scheme being carried out. The favors were yellow chrysanthemums.

Mr. and Mrs. Moots will be at home to their friends in the Burke flat.

The young couple have the best wishes of their many friends.

The Good Hope W. C. T. U. held a very enjoyable session at the home of Mrs. Jess Blackmore, Wednesday afternoon.

After a short program which was in charge of the president, Mrs. J. B. Yore, and a report of the County Convention, read by Mrs. A. S. Stemler, the women enjoyed roasting weiners and marshmallows over a large bonfire built near the creek.

Twenty-five women were present, and were glad to welcome the two new members, Mrs. Hayward King and Mrs. Lawrence.

One of the enjoyable events of the week was the party, given by Mrs. Allison Rayburn, South of town, for her Sunday School Class.

Dainty refreshments were served. Mrs. Williams Craig, of Staunton pleasantly entertained at a six o'clock dinner Tuesday evening, Mrs. Nettie Bay and guests Mrs. Anna Ricketts, of Carroll.

An exceedingly pretty affair and one of more than usual pre-nuptial interest in its double announcement party and miscellaneous shower given by Mrs. Logan Buzick, Wednesday night at her attractive home on Broadway.

It anticipated two weddings of the late fall season—that of Miss Mabel Kidd, daughter of Mr. and Mrs. William Kidd to Mr. Martin Cox, son of Mr. and Mrs. George Cox, formerly of this city, now living near Hillsboro, and of Miss Ruth Clark, daughter of Mr. and Mrs. Judson Clark, to Mr. Verne Beale, formerly of this city now of Urbana.

Both girls have been favorites in the Ready-to-Wear department of the Frank L. Stutson store, and the guests were confined to the forty women associated with them in the store.

The shower of beautiful gifts silver, cut glass, Madeira luncheon sets and all manner of articles both useful and ornamental was significant of the popularity of the two brides to be. Both were radiant with appreciation and the pleasure of the evening. Miss Kidd, a very handsome blonde was wearing a becoming toilet of black satin with Delphi blue chiffon blouse.

Miss Clark, whose decided brunette type was in effective contrast was most attractive in a smart dress of navy blue serge, with white satin trimming.

Mrs. Buzick extended the hospitality of her home delightfully and the evening was throughout one of memorable enjoyment.

The pretty rooms were tastefully enfeited with cut flowers and greenery, carnations and chrysanthemums, introducing the prevailing color notes of rose and white.

The shower took place in the dining room and followed by a most appetizing two course buffet lunch was served.

Victrola music was furnished throughout the evening.

The Sugar Grove W. C. T. U. held regular session with Mrs. Theresa Brakefield, Wednesday afternoon, with Mrs. Elva Post in charge of a miscellaneous program.

There were three good papers, Mrs. Augusta Haines presenting "An Unwritten Story," Mrs. Dulcie Elliott, "The Last Quill," and Mrs. Ruth Sturgeon, "The Flag on the Farm." Mrs. Elva Post gave a reading "Yes I Am Guilty."

A business session followed the program.

Mrs. Bruce Pine gave the Treasurer's report. Mrs. Augusta Haines was elected delegate and Mrs. Elva Post alternate to the State W. C. T. U. convention to be held in Springfield next week.

Three new members were taken into the Union. Mrs. George Hidy, Miss May McClimans and Miss Helen Garringer.

The home was artistically decorated with bright tinted autumn leaves and a player piano concert was a feature of the afternoon.

The hostess was assisted by Miss Minnie Brakefield in serving dainty refreshments.

Miss Donna McMurray and Mr. Albert Flowers are announcing their marriage, which took place Tuesday noon at Covington, Kentucky.

The bride is a very charming girl and the only daughter of Mr. and Mrs. A. F. McMurray. The groom, a young business man, has made many friends, since being associated with his father Mr. G. W. Flowers in the Flowers Bakery.

For the past month Mr. Flowers has been in training at Camp Sherman, as he was among Fayette County's first contingent. Mrs. Flowers for the present will remain with her parents here.

Mr. and Mrs. Flowers are receiving congratulations galore, from both their friends in this city and Chillicothe.

Mrs. George Cox, daughter Miss Mary and son Mr. Martin Cox, of near Hillsboro, were the guests of Mr. and Mrs. J. L. Reed, in Millwood to attend the fall races.

Mrs. David H. Barchet spent Thursday in Columbus.

Mrs. Mattie V. Drais, of Mt. Sterling was a visitor here Wednesday.

Mrs. Charles Bell, of Columbus, is spending several days with her father, Mr. J. W. Rothrock.

Mr. and Mrs. Charles McLean made a motoring trip to Cincinnati Thursday.

Mrs. James Ford, Mrs. Daniel H. VanWinkle and Mrs. George Haynes are in Columbus to see "The Bird of Paradise" at the Hartman tonight.

Mrs. Bella L. Ustick, vice president, Mrs. Austin F. Hopkins, Home Secretary, and Mrs. Joseph N. Wilson, attended a meeting of the Executive Board of Chillicothe Presbytery at Greenfield, Thursday. Mr. Hopkins took them over in his car.

Mr. and Mrs. P. J. Burke are attending the Pumpkin Show in Circleville.

Mr. Oscar Valley is down from Derby to attend the Fall Races.

Mr. and Mrs. Lowell Brown, Mrs. George Brown, Mrs. Henry Rowe, daughters Ruth Anne and Agnes, and Miss Osie Puckett, of Greenfield, motored to Circleville to attend the Pumpkin Show, Wednesday.

Mr. and Mrs. C. A. Cave have returned from a motoring trip to Columbus and Lancaster as the guests of Mr. and Mrs. Cris Manick of Columbus and Mr. and Mrs. John Tannhill and Mr. and Mrs. Lloyd Bell of Lancaster.

Miss Helen Harper and Miss Dorothy Smith, of Bainbridge, were the guests of Lt. Price and Lt. Stewart Wednesday night to attend officer's mess at Camp Sherman and an officer's dance at the Chillicothe Country Club. They were entertained at the home of Mrs. Roach while in Chillicothe.

To Those Who Have Thought of Buying a Chalmers Car

An arrangement has been effected whereby the Maxwell Motor Company has leased for a period of five years the properties of the Chalmers Motor Company.

The immediate effect of this transaction is:

1. The Chalmers car will be continued under the Chalmers name for a period of five years.
2. Those distributors or dealers who have been successfully marketing the Chalmers car will continue to do so.

The appraisers of the property and their engineers report the current Chalmers model a good car and the Chalmers plant a wonderful factory.

The first move we have made is to increase the efficiency of the Chalmers organization.

The second move was to place behind the Chalmers car the resources of the Maxwell Motor Company.

This is a business transaction between two automobile companies of probably no more than ordinary interest to the public but important to you if you have thought of buying a Chalmers for these obvious reasons:

1. You obtain a good car.
2. You obtain a car produced in a magnificently equipped plant.
3. You obtain a car produced by an organization materially strengthened by the addition of able executives.
4. You obtain a car produced by an organization materially strengthened by additional financial resources.
5. You obtain a car from a distributor or dealer who will have the support of this organization.

In this way all three of us will prosper in the transaction.

AGED RESIDENT IS CALLED BY DEATH

James Wiatt, well known Sunnyside grocer for many years, and esteemed resident of this city, passed quietly away at his home on S. Fayette street Thursday morning at half past seven o'clock, aged 85 years. His death was due to an attack of pneumonia.

For some time he had not been well, but was only confined to his home during the few days of his last illness.

Mr. Wiatt has been afflicted with a number of interests during his long and useful life. He was a G. A. R. veteran, an active Odd Fellow and member of the Methodist church.

Two sons, Harry, with whom Mr. Wiatt made his home since the death of his wife less than a year ago, and Edward, of Willimantic, Conn., survive. The son in the East is now on the way home to attend the funeral services and also a grandson, Frank Wiatt, from Kansas City.

Funeral services will be held at the home on South Fayette street Saturday afternoon at 2 o'clock. Rev. Cherrington will officiate.

PALACE THEATER PACKED FOR THE OPENING SHOW STAR IN THE CONQUEROR

Not since the opening of the Palace theatre has there been a play scoring the tremendous success of

"The Conqueror," featuring William Farnum in the role of Gen. Sam Houston in the first showing on Wednesday night.

Before the pictures were started for the first show every seat was taken and also standing room, with a line of waiting people clear out in the street. The house was also packed for the second show and many not able to get in, postponed seeing the play until this evening of afternoon.

The management greatly regretted having to turn so many away and has arranged to retain the play over Friday, so that those not able to see it earlier can attend Friday evening or the matinee of the afternoon.

The production was pronounced by all who saw it as a marvelous photo play, a triumph of thrilling plot rapid action, beautiful scenes and historic interest.

The splendid music of piano and drums, furnished by Miss Mildred Kidd and Mr. Tom Murray with special effects in the battle scenes added greatly to the impression of the play.

Busy Times

A few days ago two men were expressing their doubts about whether a certain scheduled amusement event would bring much of a crowd to the city. They agreed that it would not because these were such busy times on the farm. Attention was directed to the fact that there was a great deal of corn to husk and much seed that was not yet done.

Most people, who do not take time to consider, think that this is an off season on the farm and that the farmer has plenty of leisure time on his hands after the corn is cut and the wheat is in the elevator.

Well, the truth about it all is that there isn't any "off season" on the farm for the men who make a success of it.

There are some farmers who take a good deal of time off—not so many of them as there once was—but when they do, the work on the farm which should be done, goes undone in consequence.

Farming is like any other business—there is something to do every day—something that could be done profitably and which, if left unattended to, means loss. There are the ditches to keep clean, the fences to keep up the gates to look after, the barns and the sheds to be kept in repair, the stock and the poultry to feed and then too there is the reading and studying to do, if the farmer is to keep posted and he must do that because the science of farming is progressing at a rapid pace nowadays. The institutes must be attended and the exchange of opinions and experiences made.

The truth about it is that there should be no idle time on the farm. Farming is no snap—its real work for mind and body—a big important business.

The Small Investor

People generally should clearly understand that it is not the big investors the "moneyed men" that the nation is expecting to buy the liberty bonds.

It is the men of modest means and business, the great middle classes who make a democracy possible, that the government wants to buy the bonds.

No one should labor under the mistaken idea that because he can't take a "big block" of bonds he should not take any.

The men who can only buy a fifty dollar bond or a hundred dollar bond are the ones who will put the big loan over with a subscription totaling more than the face of the bonds.

Every head of a family should buy a bond for himself and one for his children.

That's not only an assurance that the offering will be oversubscribed but it's what makes the country great and self sustaining—makes it the country of all the people and not only of the few.

The men of modest means should share the burdens as well as the pleasures. This country belongs to all of us—the rich and the poor alike. That's why other nations want to be like us.

The World Series

The world series battle between the major league champion base ball teams—Chicago and New York—is now behind us. For the first time in nine long lean years the highest honors in base ball are possessed by a western club.

Strange to state, not since Comiskey's Chicago White Sox, this year's champions, won the high honors nine years ago, has the west walked off with the big end of the purse.

The loss of the game in New York Tuesday threatens to disrupt the team led by John J. McGraw and, perhaps, end the career of the famous old national league leader.

There is much dissatisfaction among the members of the New York team about the management and the method of play adopted. Several of the players, too, are bitter in their criticism of some of the other players.

But that's all past history now. The big series is over and the Chicago team carries away the flag.

Millions of fans are sorry that the exciting days are behind us but thousands of those who were compelled to gather and transmit the news are not regretting that the rush days are behind us and that base ball must step back in the wings of the world's stage while the knights of the pigskin take the center of the spot light until Thanksgiving day.

Perhaps no one in all the thousands who were compelled to work during the progress of the games, is more relieved than the Associated Press representative who daily for hours transmitted every play, as it occurred, over 25,000 miles of wire.

He missed much of the glory and the excitement of the contest while he told millions, instantly, just how the big games, were going.

Poetry For Today

LIBERTY BONDS

In ghastly rows the timeless dead
All pitifully lie,
The living meet the living still,
Their task "to do and die!"
The fearful throne of blood and moan
Earth swears to overthrow,
Columbia, no lack of gold
Let thy brave heroes know!

The bonds of tyranny we'll break
With Bonds of Liberty,
And wreck the throne of Frightful
Nemesis
For all eternity;
With storm of steel and lurid flame
We'll meet the Tyrant's might,
And on the foe of humankind
Hurl all the strength of Right!

The angry eagle's vision keen
On thunder-blasted world,
Exults to see Old Glory's stars
And ample folds unfurled;
Thy toll-worn hands, Columbia,
Now bear those Colors high,
Eternal Ages call to thee
And Freedom shall not die!

THE WORLD'S MENACE

THE SERB SITUATION AS IT IS AT PRESENT

(Associated Press Correspondence)

London, September 30.—The situation in Serbia today is summed up in a communication received by the British Socialist Party from the Executive Committee of the Serbian Socialists. It says:

"The Serbian population in the portions of our country occupied by Austria-Hungary is now 2,218,000, according to official census figures published in the Official Journal at Belgrade. The population normally would have been 3,170,000. There is, therefore, a reduction of 952,000, or 28 per cent. The male population has been reduced 35 per cent. There are now in Serbia 144 women to 100 men.

"In the districts occupied by Bulgaria the reduction in population is 300,000.

"Dr. Otakar Ribar, the Austrian Reichstag Deputy, declared in the Vienna Parliament in June 29: 'Serbia will be saved, but there no longer will be Serbs.' He said these words when protesting against the greatest crime committed in this war, the deportation of 30,000 Serbian women, children and men from the departments of Vranje, Nish and Pirot, and their internment in Asia Minor. Among these 30,000, there were 8,000 women and young girls delivered over to the Turks. Of these a great number committed suicide by throwing themselves out of the trains conveying them to Asia Minor.

"The deaths among war prisoners and those interned are put at from 60,000 to 80,000. After the retreat from Serbia and the reconstruction of the Serbian army, about 20 per cent died at Corfu. Our losses on the Saloniki

front have been about 50 per cent. of the Serbian forces which have taken part in the operations of General Serail's armies.

"Sixty thousand families in Serbia require succor this winter. They have no means of living except the little that we can send to them. Their sufferings during the approaching winter will be very severe."

APPLICANTS REQUIRED TO HAVE TRAINING

Chillicothe, O., Oct. 18.—The next training camp at which Ohioans will be schooled will be held at Camp Sherman. Preliminary instructions to prepare for it have been received at the office of Major General E. F. Glenn.

As has been announced by the war department, only men of previous military experience, including men from the national or selective draft army, and a small number from schools, colleges and universities having military courses, will be eligible to enter the next training school.

The strength of the unit, which will be an organization within itself, is estimated now at 440 men, though it may run over 500. The estimated strength will make a company of infantry and a battery of light artillery. If more men are trained, two companies of infantry will be trained.

Schools from which men will be sent and the quota allowed from each are: Ohio State university, 42; West Virginia university, 36; Purdue, 10; Ohio Northern university, 5. The remainder will come from the regular army, national guard or national army. A large number of selects at Camp Sherman, are planning to apply for admittance.

Have you tried them?—the want ads?

NATIONAL DAIRY SHOW BIGGEST IN ALL AMERICA

By Associated Press Dispatch.
Columbus, O., October 18.—The greatest exhibition of cattle and horses ever held in Ohio will be thrown open here tonight at the state fair grounds when the National Dairy and Food Show begins its annual ten-day exhibition.

This year, the huge dairy show, the largest held in this country, will be turned into an immense short-term college course for instruction in food conservation. Food conservation will be taught in nearly every dairy exhibit. Experts from the United States government department of agriculture and from state agricultural departments and colleges from all over the country, will give daily demonstrations on how food may be conserved in an effort to help the United States and her allies win the war.

Herbert C. Hoover, the nation's food administrator himself, will attend the show and on the evening of October 22 will speak at a mass meeting of the dairy industry. He will tell of the work being done by the federal food administration and how the dairymen can do their "bit."

"Don't slaughter the dairy cow," will be one of the principal slogans of this year's show. Exhibits will exploit the value of the dairy cow and how dairy products can be utilized at home so that grains and other non-perishable foods can be shipped abroad to our allies. Other exhibits will urge against the slaughter of calves.

Everything was in readiness today for the opening of the show tonight. Hundreds of workmen have transformed the state fair grounds and have completed the new \$250,000 coliseum, the money for which was appropriated by the last Ohio legislature. Dairy show officials say that this year's show will be the largest and most important ever held.

Prizes to be awarded to cattle and horse exhibitors will amount to more than \$40,000. Hundreds of thousands of dollars worth of fine-bred cattle and horses have arrived and according to the show managers, the entire exhibition will cost approximately \$150,000 in addition to the \$250,000 spent by the state for the big coliseum.

Sophia the 19th, the greatest milk and butter producing cow that ever lived, will be on exhibition. Sophia is valued at \$25,000, and is owned by C. I. Hood of Massachusetts. She will be shipped here in a special car and will receive nearly as much attention and care as some noted statesman. She is insured for \$50,000.

Economy

Garment economy is buying garments that you always admire, that do not go out of style quickly, that hold their "line." That's why Wooltex means economy.

Scores of Special Values—Variety at Its Height for Our Annual Wooltex Coat Event

Hundreds of New Coats
Thirty-Five Supreme Styles
Nineteen Feature Models All at Remarkable Special Prices
A Few Wooltex W. B. Coats (Cleveland's Best)
That cannot be matched for cut, line, fabric and workmanship at these prices—19 W. B.'s in all

Why Wooltex Coats Stay Good Looking

As many a woman knows, the average coat today looks smart and trim and shapely at first but the good looks don't last. This is serious especially now when women want more than a few short weeks of style and service. Our thirty-four years' experience has proved time and again that certain special features are essential in the tailoring and materials of a worth-while coat. There are all told over thirty-five special points of superiority in Wooltex garments. Here are some of the most important.

FAITHFUL QUALITY

The workmanship and material in the inside of a Wooltex garment are of the same high standard as those on the outside.

CAREFUL SPONGING AND SHRINKING

The clothes in all Wooltex coats are thoroughly sponged and shrunk before cutting.

SILK SURFACE STITCHING

In Wooltex coats and suits pure silk thread is used for all surface stitching.

BUTTONHOLES STAY TRIM

Wooltex buttonholes retain their shape. They are made by a special process.

Newnesses

"TOOTHPICK" AND "CYLINDER" SILHOUETTES
New Fabrics—New silvertones, pom poms, blotter finished and velvet-finished cloths. Norwester collars—many styles—all warm, comfortable and smart. New Cathedral Colors.

NEW FRENCH COAT

Not a novelty, but just a touch of the military to keep in step with the vogue this fall.

Wooltex Above All Means "Style"

First the Wooltex organization perfected their quality, their fabrics, their linings, their tailoring. Then the remarkable quality was made merely the background for Paris-inspired style—to keep the lines permanent. And the styles?—They are compellingly smart --breathing the expensive-looking simplicity that is the secret of the French woman's smartness.

Don't Let "Quality" Be Guess-Work

Usually you spend as much time in selecting quality as style, and then must trust to some obscure manufacturer's dependability. Wooltex thoroughness assures quality and saves you half the work of shopping. You select the style that becomes you best and that ends it. What relief!

This is for women who have never worn Wooltex

Those who know Wooltex have been convinced by the garments themselves. They will envy you the unique experience of garment satisfaction that lies ahead of you in your first Wooltex coat.

BUGGY IS WRECKED AND DRIVER SUFFERS SEVERELY OF SHOCK

A near serious accident occurred on Columbus avenue, opposite the Burns Grocery, Thursday morning, when a buggy containing Miss Lora Martin, of near Bloomingburg, was wrecked by an automobile driven by Owen Baker, and Miss Martin, who was just recovering from a long illness, suffered greatly from shock, and is now confined to her home.

Miss Martin, it seems, was driving into this city and was on the right side of the road. She was in the act of passing a wagon loaded with gravel when the Baker car was driven into the narrow space between the wagon and the buggy, turning one wheel off the buggy and frightening the horse so that it completed the work of demolishing the buggy and was badly cut about the legs.

Men at the grocery rushed to the assistance of Miss Martin and succeeded in extricating her from her perilous position before she was badly injured, other than from nervous shock.

Miss Martin was taken in the Baker machine and removed to her home on the Columbus pike.

DEATHS

REYNOLDS

James B. Reynolds, aged 39 years, died Wednesday night at 9:30 o'clock at his home, two and one-half miles above Bloomingburg.

Funeral services will be held Friday at one p. m. at the home. Burial will be made in the Bloomingburg cemetery.

NOW PREPARING FOR SPRINGFIELD GAME

Coach Flyley is preparing his men for some more hard work Saturday afternoon when they go to Springfield to play the strong team of that city.

Springfield has a good record so far this season—but so has Washington. In fact Washington has a record that cannot be beaten, and expects to maintain this record when the clash comes with Springfield Saturday afternoon.

A goodly number of rooters will accompany the team to Springfield with the expectation of witnessing a good game and rooting for the Washington High boys while they push the pigskin to victory.

FEDERAL COAL EXPECTED SOON

While an average of two or three car loads of coal is coming into this city daily, so far the supply has been anything else but adequate, and none of the ten or more cars promised by the Fuel Administrator, have reached the city, although several of the cars are expected this week.

A car of coal lasts only long enough for the wagons to deliver it, and orders are being filed as they have been received. It is announced.

When the Federal coal arrives it will be distributed by the local dealers as other coal, and not more than one ton will be sold to a customer until the first round is made.

Meanwhile, with colder weather predicted, there will be a general renewal of the demand for coal, although orders will be filed just as speedily as possible.

"BLUE STREAK" SUES FOR DIVORCE

MRS. WALDO PIERCE

Bangor, Me., Oct. 18.—Mrs. Dorothy Rice Pierce, who used to be known as "The Blue Streak" when she dashed through Riverside Drive on her motorcycle, and who is a daughter of the late Isaac Rice, of New York, has filed suit for absolute divorce from Waldo Pierce, Harvard athlete, artist and now ambulance driver on the French battle front.

In her petition she alleges non-support and cruel and abusive treatment. She declares that in February, 1915, her husband knocked her down with his fist. Another time, she says, she was knocked down in a New York restaurant.

The couple were married in Madrid in 1912, when they were art students in Paris. They later came to New York and had a Washington Square studio.

on the part of the postoffice officials in an effort to get the mail distributed as speedily as possible.

As a result of the heavy mail and the irregularity of the trains, particularly those of the B. & O., the local postoffice officials literally "have their hands full."

ACCUSED WOMAN PLEADS NOT GUILTY

(By American Press)
Mineola, L. I., Oct. 18.—Deathly pale and apparently greatly agitated, Mrs. Blanca De Saullies pleaded not guilty to a charge of murdering her husband, John Longer De Saullies, former Yale football star. She will go to trial during the first week of November before Supreme Court Justice Manning here. Mrs. De Saullies shot and killed her husband last August in a quarrel for possession of their child. She entered the court gaily attired, escorted by the sheriff and followed by two lawyers

ANOTHER LARGE CROWD ATTENDS THE FALL RACES

Regardless of the none-too promising weather, Thursday afternoon, a large crowd attended the fall races at the Fayette County Fair Grounds, and were assured of some extra good sport because of the large fields of fast horses entered in the various events.

With the afternoon's program completed the race meet, conducted under the auspices of the Odd Fellows comes to a close, and efforts will be made to make the race meet an annual event.

Little Helen won the 2:20 trot on Wednesday afternoon in three straight heats, and the 2:24 pace was won by Sister Directly in straight heats, while Lima Mac won the Farmers' Trot and Sharper Knight finished first in the one-around dash.

The racing was exceptionally good and was enjoyed by a large number of lovers of the sport from this and adjoining counties.

STOPS OFFICER-MAKING MORE MEN NEEDED

Washington, Oct. 18.—General Bliss, chief of staff of the army, has abruptly ended the practice of commissioning officers from civil life to the staff corps of various branches of the army and calling them into active service before actual need for their services exists. Indications that the practice has grown out of all bounds, particularly in the medical, signal and quartermaster's corps, led the chief of staff to take this action.

The effect of the order will be to hold up temporarily a number of commissions, including those of many men of the flying corps who have graduated from the ground and flying schools. In no case, however, will any man whose services are needed fail to get a commission eventually.

A classified will secure help for you.

M'CORMICK CHAIRMAN OF WAR TRADE BOARD

Washington, October 17.—President Wilson, by an executive order signed yesterday, has put into effect the sweeping provision of the "Trading with the Enemy Act." This was the last and most important of the war measures passed by Congress.

This act confers upon the president the widest powers ever accorded a Chief Magistrate of the United States, in war or peace. Added to the powers given into his hands by other war measures enacted by Congress, it centers absolute control of the well-being and destinies of the country for the period of the war in the head of the Government.

The "Trading with the Enemy Act" has added to the powers of the president to embargo all exports, which was conferred upon him by the Espionage act, the powers to prohibit all imports into the United States except under such licenses as he may wish to grant.

The most important act of the president under this law, by his executive order, is the creation of a War Trade Board.

The new War Trade Board is composed of Vance C. McCormick, chairman, representative of the Secretary of State; a representative of the Secretary of the Treasury, to be appointed; Dr. Alonzo E. Taylor, representative of the Secretary of Agriculture; Thomas D. Jones, representative of the Secretary of Commerce; Beaver White, representative of the Food Administrator and Frank C. Munson, representative of the United States Shipping Board. Thomas L. Chadbourne, Jr., is counselor of the board.

COMMITTEE NAMED TO TAKE UP WORK ON "Y" WAR FUND

The Board of Trustees of the Young Men's Christian Association this week met two Springfield men who are representing the National War Council of the Y. M. C. A., and tentative plans for taking up the work expected of the local association were made.

The Y. M. C. A.'s work among the soldiers is one of the bright spots in the life of the average soldier, and to do the work it is necessary that the Association do its bit in support of the work.

The following committeemen were named to look after the work in this city and the first meeting of the committee has been called for Friday night at 7:30 o'clock: Walter W. Hamilton, H. C. Ireland, Frank C. Parrett, W. H. Brown, Willard Story, Ed Fite, T. H. Craig, M. E. Hitchcock, Howard Hegler, R. C. Peddicord, Frank M. Allen, Willard Willis, Gilbert Adams and Troy Junk.

Next Monday at the noon hour representatives from all over the state will attend a luncheon when plans for the work will be taken up. Some of the local committeemen will attend.

**SUBMARINE WARFARE
BRANDED AS FAILURE**
(Associated Press Correspondence)
Christiania, September 29.—The German plans for destroying the world's commerce have failed, says the Norwegian Shipping Magazine, which adds that "there is no great danger of the disappearance of merchant ships from the seas by reason of torpedoing for at least ten years."

The article is accompanied by a

chart showing the curve of English and French losses for four months, March to June. "The Allies have every reason to be of good courage when they look back on these results," says the writer, "and they may await the future U-boat war with confidence. The chart curves show favorable results for England, and this may be ascribed partly to the arming of merchant ships." He believes that the story of 1915-16 will be repeated, that "the U-boat will be crippled unless the Central Powers can find new inventions which will make them powerful enough to gain the upper hand again."

FOUR BROTHERS FROM BRITTANY SAVED FROM SEA

After Germans Had Robbed and Sunk Their Little Ship, Americans Pick Them Up.

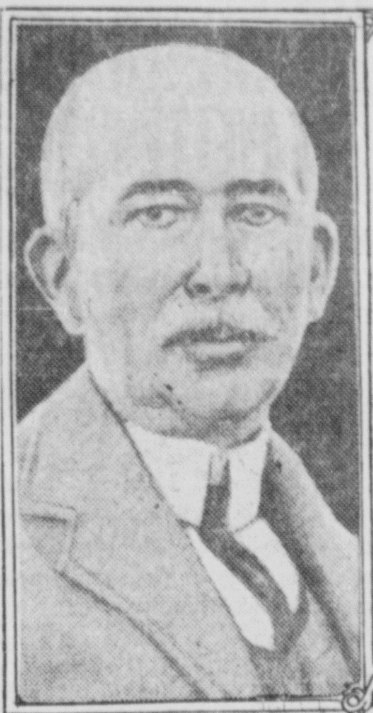

(Associated Press Correspondence) Base, American Flotilla in British Waters, September 30.—Four French fishermen who comprised the whole crew of the fishing boat Quatre Freres (Four Brothers) were landed here the other day by one of the American destroyers. The Quatre Freres, after being stripped of everything of value by the Germans, including the catch of mackerel, the fishermen's money and food supplies, was sent to the bottom by bombs from a submarine. The four Frenchmen were left to their fate, 150 miles from land, in a small open boat barely large enough to hold them all.

After rowing for several hours a breeze came up and the fishermen hoisted a sail, which spotted on the horizon by the American rescuers was thought to be a submarine and was fired upon. The marksmanship of the Americans was bad this time and the frightened Frenchmen hastily hauled down their sail and waved a white cloth. Half an hour later they were safely on board the American destroyer where they were given welcome in the form of a good meal and dry clothing. They could not speak a word of English but one of the American officers knew some French and they got along handsomely.

Ashore here the wife of a British sea captain acted as interpreter. She had lived in France and Belgium for many years and speaks French fluently. She had the fishermen at her house for tea. Describing their treatment on board the American destroyer, one of the fishermen said:

"My but those Americans made

a great fuss over us. When we sat down to eat we had about ten of them waiting on us. I guess they were trying to show us how glad they were that they didn't hit us. We will never forget their kindness."

When the Brittany fishermen of the type familiar in moving pictures, were set ashore at this village they stood on the pier and that three cheers for the Americans, "Vive la Amerique," they shouted as the blue-jackets waved farewells with the ricaps.

WOMEN MAY BUILD SOME OF NEW SHIPS

Washington, Oct. 18.—An army of women in overalls may have to be called to the colors to save the situation in the shipyards of the country where the building program upon which to great extent the winning of the war depends, has been halted by lack of labor needed to perform the enormous task that the shipping board and the navy have outlined.

AMERICAN DESTROYER ATTACKED

(By American Press)

Washington, Oct. 18.—One man was killed and five wounded when an American destroyer, on patrol duty in the war zone, was torpedoed by a submarine. The American warship managed to make its way into port, despite the severe damage.

Janer's Mate Osmond Kelly Ingram was the man killed. He was blown overboard by the explosion and his body was not recovered. His mother, Mrs. Betty Ingram, lived at Pratt City, Ala. None of the wounded was seriously hurt.

The injured are: Herman H. Pankrat, gunner's mate, St. Louis; William E. Merritt, seaman, New York city; Frank W. Krueze, fireman, Toledo; Patrick Rutledge, fireman, Dunsmuir, Minn.

Vice Admiral Sims cabled a brief report of the incident to the navy department. He gave few details, but it is assumed there was no light and that the U-boat made her escape after launching a torpedo without showing herself.

WAR RIOTS IN SPAIN

RIOTS IN MADRID.

An extraordinary photograph made in the Calle de San Luis (Madrid) during the recent war in the Spanish capital. The picture shows the Royal troops pursuing the rioters. In the center of the photo may be seen one of the soldiers with his rifle raised, ready to club one of the fleeing rioters.

In accordance with the policy of secrecy concerning American naval operations, the department did not divulge the name of the destroyer or the exact place of the encounter. This is the first time an American warship has been hit by the enemy since the war began. Naval gun crews on armed American merchantmen have not been so fortunate. In all, the navy has lost one officer and 16 men, the only men of America's fighting forces actually killed in action.

TWO MEN KILLED IN A LIFE BOAT

(By American Press)

London, Oct. 18.—James Tringon of Roanoke, Va., according to a dispatch to a British port, was killed by shrapnel fired by a German submarine upon the open boats of a torpedoed British steamer, on which the American was employed. Another member of the crew in Tringon's boat, a fireman, was wounded by a shell from the submarine and died as he was being placed upon a rescuing ship. There were 12 Americans among the 49 survivors located at a British port. Byron Wood, one of the American survivors, said that eight survivors had been taken to a hospital, suffering from serious wounds.

NOTICE OF ANNUAL MEETING

Notice is hereby given that a meeting of the stockholders of The Fayette County Fair Company will be held at the Probate Court room in the Court House at Washington, C. H., Ohio on Monday the 5th day of November, 1917, at 1:30 o'clock p. m., for the purpose of electing directors and transacting such other business as may come before the meeting.

This meeting called by order of the Board of Directors. R. G. JEFFERSON, President GEORGE H. HITCHCOCK, Secretary Oct. 18-25-11-1.

OHIO FLIER KILLED

(By American Press)

Chattanooga, Tenn., Oct. 18.—Samuel W. Skinner, a Harvard graduate, attached to the French aviation corps, has been killed on the western front, according to a telegram received here by his aunt, Mrs. B. F. Thomas. No details were given. Skinner's home was in Cincinnati.

CUBA IS EQUIPPING 100 BED HOSPITAL FOR REAL SERVICE

(Associated Press Cable)

Havana, October 18.—The Cuban Red Cross Society, of which Mme. Mariana Menocal, wife of the President of Cuba, is chairman, has begun the work of equipping a 100-bed hospital unit, manned by a staff of Cuban physicians and nurses, for active service on the western front in France. This enterprise, which will reach completion at an early date, is to be financed by a fund of \$1,000,000, which Cuban women prominent in society here have set themselves out to raise.

Announcement of the plans of the Cuban Red Cross followed a special meeting in the presidential palace here presided over by the wife of the President, and attended by all the Cuban Red Cross directors, and representatives of various government departments and the Cuban press.

The encouragement the Red Cross has received from capitalists throughout the island republic and the progress made in assembling of equipment and the training of volunteer workers, lead the Red Cross officials to believe that before the fund is completed, the unit will be ready for service. Co-operation, which was recently inaugurated between the Cuban and American Red Cross officials, has helped make this Cuban unit possible.

With upwards of \$100,000 already in hand, in advance of the canvass for the million dollar fund, various steps, some of them unusual in this connection, are being utilized to bring the fund to a quick completion. Each sugar "ingenio," or plantation mill, in Cuba, has been asked to set aside \$1,000 for the Red Cross, and many of them already have done so.

SUNDAY SCHOOLS ARE MAKING PLANS

(By Associated Press Dispatch)

Cincinnati, O., October 1.—A concrete program for service in aid of the government in its war program is being arranged by the Ohio Sunday School association for the third annual convention of the Ohio Adult Bible Class Federation, an auxiliary, which will be held at Norwood, a suburb, on November 15 and 16.

Among the important speakers

will be E. O. Sellers of Chicago, who has just returned from hospital service in France. He will outline the possibilities of active work for the bible students in connection with the American overseas army. L. B. Edgar of Cambridge is president of the federation. Every county in the state is expected to be presented at the Norwood convention.

MR. ROSS COMES TO THE FRONT

Tells His Friends and Neighbors Of His Experience.

Every Washington C. H. resident should read what Mr. Ross says, and follow his example. He has used Doan's Kidney Pills and speaks from experience. Is there any need to experiment with imitations or untried kidney medicines?

Roy Ross, clerk, Peabody Ave., Washington C. H., says: "Last spring, I had an attack of kidney trouble. My back became weak and made it quite impossible for me to do any lifting. Frequently sharp pains went through the small of my back. I finally began using Doan's Kidney Pills and I got good results right away. In fact, it wasn't long before I was rid of the trouble."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ross had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. adv.

LAST QUOTA CALL DELAY IS LIKELY

(By American Press)

Chillicothe, Oct. 18.—A further delay in moving the fourth increment of 25 per cent of drafted men of Ohio and western Pennsylvania so that they will not reach camp until some time in November was seen at division headquarters. The last word from Washington intimated the men would begin moving here October 27, but absence of further instructions and receipt of word that 3,000 negroes would arrive here on the 27th, gave support to the belief that the last 10,000 men might be delayed still further.

GENERAL KERNAN

In Charge of Shipments of Men and Supplies to Europe.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It! "I should worry about those corns—I just put some 'Gets-It' on 'em. They used to peck the world out of me. Trenches, enduring pain, distress, itching toes, tinkering with plasters."

"Gets-It" Puts Your Feet in Clover—It Ends Corns Quickly.

and tape, trying to fix a corn so it wouldn't hurt. But now you use the world's "Gets-It" worry. You know the moment you put "Gets-It" on, it means the end of a corn. "Gets-It"—nothing as sure and certain as anything that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the ease as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H. and recommended as the world's best corn remedy by Brown's Drug Store and Blackmer & Tanquary.

PIMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the amazingly effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.
